on top of main
support.

Use 5/16 Allen head
and lock washer on
each side here.

Angled edge points to
the outside on left and
right support arms

Support
system
correctly
installed.
Ready for
Leno install

Slip Leno
over
bracket
assembly

Install button
head, don't
tighten at this
time

CS-18L-TOA

From bottom align
support strap over 1/4"
hole. Insert hex bolt,
then add flat washer
and nylock nut. Do not
tighten

Snug up all 5
fasteners and
enjoy your new
Leno Chin
Spoiler!
